

Al-Anon Resume for Steering Committee at ASP

Date: 07 March 2026

Name: Edith Villeneuve (real name, no pseudonyms or screen names)

Email Address: villeneuve567@gmail.com

Service Position in ASP you are available for: Member at Large

Al-Anon Birthday: December 2020 Years: 5+

ASP Birthday: December 2020 Years: 5+

One year's participation in ASP is a prerequisite to serving as an officer of ASP. Participation may take many forms, but merely having one's email address on the ASP server is not participation.

Service Positions held in Al-Anon:

A member of ASP must have served ASP in some other service capacity for 1 year in addition to any other minimum qualifications for ASP Officers.

Face-to-Face Al-Anon: Local FTF Group in Ontario, I am District Literature chair and handle finances for my group

ASP: Previously have held daily chair positions twice, 6 mo each

Online Al-Anon other than ASP: Munich Online Al-Anon via zoom.

Members of Al-Anon who are also members of AA are not eligible to serve as officers of ASP or on the Steering Committee.

Are you a member of AA? No

Why would you like to serve ASP in this position? I feel I have the time now, and feel strongly about service.

What changes would you like to see in ASP?

In general: None come to mind presently. Past issues I may have had have been resolved.

Specifically regarding this service position: I cannot comment, not having served in this capacity.

What changes do you NOT want to see occur at ASP?

I would not want it to fold. It is a valuable group and my first experience with Al-anon .

In what way do you feel you participate or contribute to the group?

Sharing, reaching out to other members privately. Some members have been a huge help to me.

How do you feel about the current guidelines at ASP?

[refer to <http://asp-afg.org/founding-statement>]

I have no opinion one way or another. I recognize that online groups have issues unique to them. I feel that the work done to set this group up, continue to monitor it over the years and create a steering committee has been necessary and if not for volunteers and founders, none of this would have helped anyone. For some of us, there are no FTF meetings and during COVID this was an integral part for people such as I, to feel some relief from this baffling disease.

Do you have technical or other experience that you feel is significant for this position?

No technical experience.

Describe your concept of how much time you have available to serve ASP and how accessible you are to the other members of the Steering Committee and the general membership of ASP.

I am retired, however involved in other services with other online Al-anon groups and FTF groups.

Therefore my time is open for the most part except when I have previously committed to other

Meetings, especially when chairing etc. Subject to change month to month.

Anything else that you would like to say . . .

I feel that a Member at Large position would give me a good basis for understanding what exactly happens behind the scenes with ASP.
